Hi Aaron,

I reviewed and approved the removal of the following trees. Diameters are approximate:

8" red cedar
11" ash
11" white cedar
15" white cedar (same tree marked a few years ago)
10" Norway maple
8" Norway maple

In addition, I recommended that the cluster of Norway maples on the west side of the property be thinned.

I marked all trees that I've approved for removal with orange paint – a "x," an orange dot at the base, or both. A also photographed these trees for my archives.

Best Regards,
Mark

Subject: Winters Site Visit

Hi Mark,

Thanks for taking the time to visit the Winters camp at 241 North Shore Road. Could you send me an email confirming your approval to remove the four proposed trees?

Have a great weekend,
Aaron
