Charlotte, VT 05445

## **Addendum Two**

*for*

**General Contractor RFP  
for the Charlotte Senior Center Entry Addition  
Charlotte, Vermont.**

Issued Monday, December 21, 2015

### **General Bidding Clarifications**

On page 5 of the RFP, the last sentence states that each bidding contractor is required to submit a bid guarantee. This was an error. A bid guarantee is not required for this project.

Further Clarifications:

- Builder's risk will be by owner
- 100% Performance Bond is required
- 100% Payment Bond is required

Both Performance and Payment Bond cost should be listed on the bid form, but not included in the base bid number.

Please direct any questions on this, by email, to:

Jean Terwilliger, Project Architect  
Vermont Integrated Architecture, P.C.
