

BURNS PROPERTY HAYING LEASE BID FORM

Please use this form for submitting your bid.

Name: _____

Please answer the following questions:

- What is the expected frequency of haying?
- Will any inputs be added? If so, what type, quantity/acres and frequency?
- Will management be for organic or conventional production?
- Will you be investing in reseeding the field? If so, with what seed, and how much will it cost per acre?
- Will you be applying for or receiving federal or state subsidies and/or incentive program(s)?

Lease Payment Proposal

Monetary Payment: please propose an annual lease payment to the Town:

\$_____

-alternatively-

Barter Payment: please indicate which parcel(s) of town lands would be brush-hogged by you in lieu of the monetary lease payment (check all that apply):

- Barber Hill on Greenbush Road (southwest of the Old Lantern).approximately 2.8 acres

OVER

- Burns property on Greenbush Road (across from the Old Lantern)—brush-hog mounds for wastewater disposal system and the swale that runs on northwest/southeast diagonal through the parcel
- The old Town landfill located on Greenbush Road. This work also includes hand-trimming of the north and south slopes of the landfill cap—approximately 2.7 acres
- The parcel where the old Town landfill is located at the north end of Plouffe Farm Lane—please note this area is approximately 18 acres. This area includes the cap of the former landfill. A 75 foot “no-mow” buffer to the western property line must be maintained.
- Thompson’s Point fields B & F on accompanying map—approximately 10.4 acres
- Former flea market site on Route 7, including the road through the woods to the meadow. (Approximately 3.0 acres, twice per growing season)
- Town beach—between the parking lot and the restrooms; and west of the horseshoe pit (approximately ¼ acre) and the disc golf course
- Lewis Creek access, west of Quinlan Covered Bridge—approximately 3 acres

NOTE: If Lessee selects the Barter Payment option, Lessee’s failure to brush-hog town lands to town specifications will result in a \$75/acre charge to Lessee, due by December 1 of each year.
