

Town of Charlotte
Scope of Services for Maintenance of Existing Wastewater System
Serving Town Office, Library, Senior Center and Fire Station

June 6, 2016

Improvements to System:

- Add filters to tanks serving Senior Center, Fire Station, Town Hall and Library, and the bath-house at the Town Beach
- Add a riser to the outlet side of all tanks
- Move individual pump failure light to outside of the alarm box (in the Town Hall)

Ongoing Service:

- Check air-lock at high-point (every 2-3 years)
- Check distribution box (every 2-3 years)
- Check pump station (1x year)
- Pumping of tanks as needed
