Subject: CCRPC FY17 work program (UPWP) - Erosion Inventory interest form
Attachments: FY17_UPWP_EROSION_INTEREST_FORM.docx

TO: Mayors, City Managers, Town Administrators, Selectboard Chairs, City Council Presidents, Planning Commission Chairs, Road Managers, Municipal Planners, CCRPC Board members, TAC, and PAC

FROM: Charlie Baker, CCRPC Executive Director; Regina Mahony, Planning Program Manager; Eleni Churchill, Transportation Program Manager

RE: Additional form as part of FY2017 Unified Planning Work Program (UPWP)

As the State continues to work out the details of the Municipal Roads General Permit (MRGP), the CCRPC would like to gauge interest from municipalities in the CCRPC conducting road erosion inventories as a preliminary step in preparing for the MRGP. Attached is a simple form to indicate your interests and preferences. What we hear from you will help us determine our role in this process and how best to allocate resources. As you know there are many details still in development for this permit, but we want to help you be proactive as the program takes shape.

This form and other UPWP documents can also be downloaded from the CCRPC website:
<http://www.ccrpcvt.org/workplan/>.

Deadline for receipt of completed applications (and data/inventory requests) is 4:30 p.m., Friday, January 22, 2015. Please email completed forms in Word format to bdavis@ccrpcvt.org.

CCRPC staff is available to meet with you to discuss project ideas. We will hold a public forum at the CCRPC Board meeting on Wednesday, January 20 at the CCRPC offices, 110 West Canal Street, Suite 202, Winooski. Our current FY16 work plan is available online at <http://www.ccrpcvt.org/workplan/>. For more information contact Bryan at 802-861-0129 or bdavis@ccrpcvt.org.
