We hereby submit specifications and estimate for the installation of a Superstor 30 gallon indirect fired hot water storage tank model SSU-30 (<http://www.htproducts.com/superstor-ultra-waterheater.html>)
The installation will include a mixing valve, now required by Vermont code, to reduce the likelihood of a scald injury from hot water.

Installation includes removal and disposal of existing hot water storage tank.

All of the work is to be completed in a substantial and workmanlike manner for the sum of **\$2826.00**

Payment to be made with a 50% deposit upon scheduling and the remaining balance paid when all work is completed.

Any alterations or deviation from the above specifications involving extra cost of material or labor will be executed upon written order for same, and will become an extra charge over the sum mentioned in this contract. All agreements must be made in writing. Note: This proposal may be withdrawn by us if not accepted within 14 days.
