

## **Charlotte Senior Center Proposal**

Purpose:

The purpose of this proposal is to improve the Senior Center entry (lobby) to provide better entry, better flow between the Great Room and the cafe, provide private offices for Mary and Pat, and provide an improved space for the host.

Today:

Following lists some shortcomings of the current lobby.

- 1) No interlock entry
- 2) Noise and congestion between the great room and the cafe interferes with hosts and staff.
- 3) No privacy for the office and host area.
- 4) No entry from lobby to the conference room.
- 5) No office for the coordinator.
- 6) Inadequate storage areas.

Proposal:

We propose expanding the entry 11 feet east to the first window of the great room and installing an interlock entry. This additional space will double the existing area which will provide needed space to rearrange the offices and open up the flow between the great room and cafe.

Request:

Since this is a town building, we will need your approval to design and oversee this expansion project. Friends of the Charlotte Senior Center will provide the funds with your approval.

We also request waiving all filing fees for this project.
