Contractors shall bid to brush-hog the following areas during the 1st or 2nd week in July, 2014:

- Barber Hill on Greenbush Road (southwest of the Old Lantern)—approximately 2.8 acres
- The old Town landfill located on Greenbush Road. This work also includes hand-trimming of the north and south slopes of the landfill cap—approximately 2.7 acres
- The parcel where the old Town landfill is located at the north end of Plouffe Farm Lane—approximately 18 acres. This area includes the cap of the former landfill. A 75 foot “no-mow” buffer to the western property line must be maintained.
- Thompson’s Point fields B & F on accompanying map—approximately 10.4 acres

- Former flea market site on Route 7, including the road through the woods to the meadow—approximately 3.0 acres
- Town beach—between the parking lot and the restrooms; and west of the horseshoe pit—approximately ¼ acre
- Lewis Creek access, west of Quinlan Covered Bridge—approximately 3 acres
- Burns property on Greenbush Road (across from the Old Lantern)—approximately 23 acres. This area may be mowed and baled, rather than brush-hogged. If it is mowed and baled, the Contractor may remove and keep or sell the bales; but the Contractor will not be paid for mowing the field.

BID SHALL BE SUBMITTED AS FOLLOWS:

- Bids should indicate costs for each area using the attached table.
