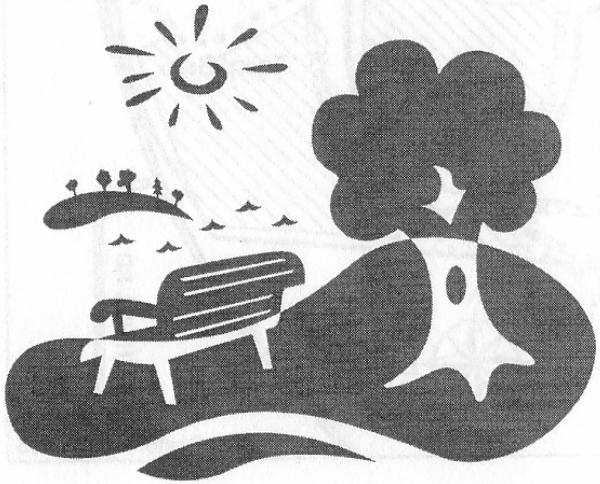
CODE OF CONDUCT

Considerate Park users enthusiastically refrain from the following (and others must refrain from):

- Bringing pets, weapons or alcohol into the area
- Lighting fires
- Camping or remaining overnight
- Driving snowmobiles or wheeled vehicles of any kind into the Park
- Riding horses on trails other than those designated for equestrian use
- Leaving litter in the area
- Disrupting, injuring or removing any native plants or animals
- Using radios or other sound equipment that creates noise

Enjoy nature in the the Park, stay on trails, and be considerate of other users
Thank you for following this code. It will keep the Park available for you and others, now and in the future.



OVERVIEW OF PARK

This 290-acre property consists of active cropland with pastures, hay fields, old fields and meadows. There are approximately 2.25 miles of gravel trails winding through approximately 95 acres of agricultural lands with 24 acres of meadows for passive recreation. Thirteen acres of closed forest provides good woodland habitat and adds much interest. Approximately 1 mile of hiking trails traverse the diverse woodlands and wetlands and connect to the park's gravel trails.
The highest elevation, at 428 feet, is located just west of Route 7 near Snowdrift Lane. The lowest point, at approximately 180 feet, is near the railroad overpass at the northwestern corner of the Property at Greenbush Road.
The Park is designed to promote enjoyment of its natural and visual amenities. A network of trails is laid out for walking, hiking, cross-country skiing, and some for equestrian use.

The town of Charlotte and its committee members are not responsible or liable in any way for you or your property. **Please** use great care at all times.

CHARLOTTE PARK

AND

WILDLIFE REFUGE

TRAIL MAP

The Park is open to public access year-round from 8 AM to ½ hour after sunset.

Parking is available at the North Greenbush Rd. entrance.

Any questions or suggestions please contact the Charlotte Town Offices at 425-3071.
