Discussion of Trails Committee Presentation at the next Selectboard Meeting.

Group discussion on how to move forward on State Park Rd. A group of volunteers is interested in building the trail and they are looking to Trails Committee for funding for the trail building materials and gas for the equipment. Asking for \$24,000.

The committee discussed whether we want to support this volunteer effort with funding and with volunteer efforts of the Trails Committee.

The discussion ended with the Trails Committee voting to support this volunteer effort by going to the Selectboard to ask for approval of up to \$30,000 to build the State Park Rd. section of the Town Link Trail this fall with volunteers.
