Dear Planning Commission Members:

My wife Karen and I purchased 1830 Greenbush Road in 2018 and are nearing completion of a renovation. We lived in Hinesburg during the 1980s and 90s, built a camp at Thompsons Point in the 90s, moved to NJ for a number of years and have now returned to Charlotte as full time residents on Greenbush Road and on Thompson's Point. We have interested party status.

Karen and I have reviewed Andrew Milliken's letter to the Planning Commission dated September 28, 2020. We endorse and concur with the points and concerns raised in the letter.

We have also reviewed and endorse the issues raised by Thomas Heilman in his email to you dated September 30, 2020.

The comments of Dr. Joseph Rosenberg have also been reviewed. We share the concerns raised in his email to you dated September 29, 2020

We are opposed to the planned subdivision.

Very truly yours, Karen and William Bruett
