Re: James & Stephanie Wells, 93 N. Olde Carriage Road, WW-138-1707

Dear Joe

I am writing to report the completion of the construction of the wastewater system for the James & Stephanie Wells, 93 N. Olde Carriage Road, Charlotte. The wastewater system was installed in accordance with the approved plans prepared by Jeffrey Keeney dated 6/29/17 and permit conditions of permit WW-138-1707.

During the course of construction I inspected the septic tank and effluent filter, pump station, distribution piping, and witnessed pressure test.

I hereby certify that, in the exercise of my reasonable professional judgment, the installation-related information submitted is true and correct and the wastewater system was installed in accordance with the permitted design and all permit conditions, were inspected, were properly tested, and have successfully met those performance tests.

Feel free to call if you have any further questions or concerns regarding this.

Sincerely,

Jeffrey Keeney
Licensed Designer 377-B
