PO Box 119  
Charlotte, Vermont 05445

**Re: Ross Property Wastewater Modifications  
1720 Dorset Street, Charlotte  
WW-138-1710 Construction Certification**

Dear Mr. Brown:

In accordance with the requirements set forth in the wastewater Disposal and Potable Water Supply permit issued for the project, we have conducted periodic inspections of the work and have completed the requisite testing of the systems. Based on this work,

I hereby certify that in the exercise of my reasonable professional judgment the installation-related information submitted is true and correct and that the potable water supply and wastewater system: were installed in accordance with record drawings and such record drawings are in compliance with the applicable rules, were filed with the Secretary, and are in accordance with all other permit conditions; were inspected, were properly tested; and have successfully met those performance tests.

The as-built conditions of what we found in the field and how we adjusted the locations to achieve the permitted intent are depicted on the attached plans.

If you should have any questions, please feel free to contact me at 864-2323 x310.

Respectfully,

David S. Marshall, P.E.  
Principal Engineer
